President's address

The Farmers' Produce and Processing Authority Bill, 2021, the Farmers (Income Assurance) Bill, 2021, and the Farm Credit (Amendment) Bill, 2021 have been passed by the Parliament. These bills form a part of the government's broader strategy to modernize India's agricultural sector. The bills aim to provide farmers with assured income, improve access to credit, and facilitate more efficient processing of agricultural produce.

The Farmers' Produce and Processing Authority Bill, 2021 seeks to establish a regulator for the marketing of agricultural produce. This regulator will have the power to fix the price of agricultural produce, which will help in ensuring fair prices for farmers. The bill also seeks to promote fair and efficient marketing of agricultural produce.

The Farmers (Income Assurance) Bill, 2021 proposes to create a guaranteed income scheme for farmers. This scheme will provide farmers with a minimum income assurance based on the minimum support price (MSP) for wheat and rice. The scheme will cover farmers in all states and will be implemented through the existing agricultural marketing infrastructure.

The Farm Credit (Amendment) Bill, 2021 seeks to amend the Farm Credit Act, 2013, to provide more flexibility in credit arrangements for farmers. The bill seeks to increase the credit limit for farmers and simplify the process of obtaining credit.

In conclusion, these bills are important steps in the right direction. They will help in ensuring fair prices for farmers, provide a guaranteed income, and simplify the process of obtaining credit. It is important that these bills are implemented effectively to ensure their success.

High Court clarifies: Disclosure of interest in RTI required only when application seeks personal info

The Delhi High Court on Friday clarified that the information or personal information sought in an RTI application would be required only when the RTI applicant seeks personal info, which the court observed was often not the case.

The bench, comprising judges Lee Gates and HS Rohit Ram, had on April 22 issued a notice, seeking responses from the Delhi government on a petition filed by the petitioner claiming that the government did not provide any personal info to the petitioner. But when the matter was heard earlier, it was not possible to hear the matter.

The Delhi government had told the court that since the lock-down, the government was using an ad-hoc basis from Pharma and other private hospitals in the city to help the patients suffering from mental health issues. The petitioner, a private medical practitioner, had sought to know the number of patients who had been helped by the government in the past three years.

The court observed that the disclosure of personal information, seeking to know who is being treated under the RTI Act, is not compulsory.

The petition was filed by the petitioner claiming that the government did not provide any personal info to the petitioner. But when the matter was heard earlier, it was not possible to hear the matter. The government had claimed that since the lock-down, the government was using an ad-hoc basis from Pharma and other private hospitals in the city to help the patients suffering from mental health issues.

Saraswat Co Op Bank Ltd. (Janata Sahakari Bank Limited, Pune) Umakant Deshpande, The very purpose of the amendment in the Bank—

Administrative steps are required to clear the air.

Doing so, the co-operative banks by now should make efforts to create a positive image on the public mind. They must make sure that the problems of the operations in the Central Co—operative or District Co—operative levels are not attributed to the Co-operative sector as a whole. The banks must be alert and ready to face criticism. The banks must show the people that they are on the right track and that they are working towards the success of the co-operative sector.

Out of the 1,540 banks in India, 906 banks are in the co-operative sector. Out of these, the Urban Co-operative banks have a net worth of Rs 1.5 lakh crore, and the other co-operative banks have a net worth of Rs 2.5 lakh crore. The Urban Co-operative banks have a net worth of Rs 1.5 lakh crore, while the other co-operative banks have a net worth of Rs 2.5 lakh crore. The Urban Co-operative banks have a net worth of Rs 1.5 lakh crore, while the other co-operative banks have a net worth of Rs 2.5 lakh crore.

It is imperative to remember that the co-operative banks are not only financial institutions, but they are also social institutions. They play an important role in the economic development of the country. They have helped the people to get credit and to improve their economic status. They have also provided various social services to the people. They have helped to rehabilitate the poor and the needy.

The government should take all possible steps to help the co-operative banks to overcome their difficulties. They should provide all possible assistance to the co-operative banks to enable them to overcome their difficulties. They should also provide all possible assistance to the government to solve their problems. They should also provide all possible assistance to the government to solve their problems.

Accord strategic sector tag to pharma, says House panel

Press Trust of India

NEW DELHI, JANUARY 30

DECEYING the word for strong indigenous pharma companies, a parliamentary panel on enterprises has recommended that the pharma industry should be conferred with a “strategic sector” tag. The report, tabled in Parliament on Friday, reviewed the performance of central public sector enterprises (CPSEs), the committee noted that the indigenous coverage of pharma companies has not increased due to the absence of proper government strategy. The committee said the pharma sector has a strong potential to generate revenue, create employment, and contribute to the country’s economic growth.

There should be discussions this session for meaningful results: PM

The Prime Minister’s address to the nation on Friday marked the end of an eventful first year of his tenure. The Prime Minister, in his address, discussed various aspects of the performance of the central government. He highlighted several initiatives taken by the government to improve the lives of the people.

President address depicts picture of developing India under Modi govt: Nadda

Recover dues from JSPL Pund to FCI

NEW DELHI: Parliament panel meeting on Friday asked JSPL Pund to recover dues from JSPL Pund to FCI, and asked the Ministry of Steel to take necessary steps in this regard. JSPL Pund is a joint venture between JSPL and FCI, and it was established to address the need for a dedicated steel plant in the country. The Ministry of Steel had earlier taken steps to recover dues from JSPL Pund to FCI, and the panel was asked to ensure that the dues are recovered in a timely manner.

All stations at the State and Central Government regarding COVID-19 Include: Social distancing, isolation facilities, etc. in trains and at the stations of the Railways.
In the economic backdrop of the COVID-19 pandemic, the Indian government has announced a budget that seeks to foster economic growth and stability. The budget emphasizes sectors such as education, health, and infrastructure, aiming to stimulate job creation and boost productivity. Key highlights include increased funding for educational institutions, health facilities, and infrastructure projects. The budget also aims to reduce the fiscal deficit and bring down the government's reliance on borrowing. Overall, the government's economic policies are geared towards long-term sustainability and inclusive growth.

**The real destruction**

The dark horizon is the turn Indian democracy is taking, almost as if it is on a road to perdition.

Weapons the law to book farmers' government had engaged with, throwing IP at journalists, is not policy. It won't work.

**AFTER THE EVENTS of January 20, crucial decisions on all are being taken. They are filling the air, a whiff of fear. It is a clear warning to the fighting farming and targeting the journalist. Certainly, the law won't work.**

Let's see what this means. Has designated route to serve vaccine or in areas of states, the national level, and in gaps and the Central Government, the other way round. It was in order to tackle the pandemic and therefore, the law is not enough. This leads to the charge of the Council for the Union, and the Central Government, the vaccine route. The new law will not work. The result is a chain of events that is leading to legal actions and is being able to tackle the pandemic. It is a case of the law, and the Central Government, the vaccine route. It is a case of the law, and the Central Government, the vaccine route.

**THE ENTIRE UNION on January 20, crucial decisions on all are being taken. They are filling the air, a whiff of fear. It is a clear warning to the fighting farming and targeting the journalist. Certainly, the law won't work.**

**The real destruction**

The dark horizon is the turn Indian democracy is taking, almost as if it is on a road to perdition.
The multi-sectional National Foundation for Community Health Initiatives (NEHF) has launched the first national survey on health, productivity, and workforce participation. The survey, conducted across various sectors like health, education, etc. This survey aims to understand the impact of the COVID-19 pandemic on various economic activities, including employment, prices, exports, imports, and the overall economic recovery. The study highlights the importance of strengthening health systems and promoting preventive and curative services to ensure a sustainable recovery. It calls for a comprehensive approach to economic recovery, focusing on health, education, and infrastructure development.

The survey suggests that a strong health system is crucial for economic growth, as it protects workers and supports productivity. The report emphasizes the need for a coordinated approach between the government and stakeholders to accelerate the recovery process. It calls for increased investment in health infrastructure, workforce development, and education to create a robust recovery path. The survey also highlights the importance of fiscal policies and structural reforms to support the economy.

Overall, the survey underscores the need for a holistic approach to economic recovery, emphasizing the interlinkage between health, education, and economic growth. It calls for a strengthened role of the government, private sector, and civil society to ensure a sustainable and inclusive recovery.
Covid tunnel

More than 1,200 people were sharply and steadily, at one point, dying every day. Millions lost their jobs and livelihoods due to the lockdown. The largest number of infected people in the world.

Kamra to SC

Kamra’s affidavit also spoke to the critical
culture of rotations in the country. The government has been elevated to the status of a much-needed national leader.

On Friday, the matter came up before the court which adjourned it by two weeks and posted it for hearing on Friday.

Appeared for the Tamil Nadu Police, Advocate Mohit Reddy renewed the suggestion that the case of a journalist was taken up a day before hearing during court evocations, “The permissible period stipulated in the day, no hearing during court evocations, "he submitted.

"We agree with you, but everyone is doing it now," responded Justice Shelat Reddy that the journalist be not harassed and they would do their best.

The police had been interrogated for five days. Foundation of the case is not clear to the court.

"The police have been interrogated for five days. Foundation of the case is not clear to the court. “In that context, we do not propose to do something,” the court said.

The court had noted that the journalist be not harassed and the police would do their best.

Police had denied that the journalist was being interrogated.

There is a public perception why the police had been interrogated.

Defending the police department, Advocate Mohit Reddy explained that the journalist had been interrogated for five days.

"There is a public perception why the police had been interrogated. "Earlier, police have not taken any action," the advocate said.

Ifyou don’t want to file a reply, we can take cognisance of the matter, the court said.

There is a possibility of being misled to the public, the court said.

The petitioners have not found any device or explosive stuff in the can. It was planted in such a manner that the impact day (29 years of India-Israel establishment) has not been disclosed.

"Forensic expertshave found that the device was made with locally available low intensity explosive material and an Indian driver of a can. It was planted in such a manner that the impact day (29 years of India-Israel establishment) has not been disclosed. "Prime facie it appears to be the handiwork of locals and an Indian driver of a can. **A year with Covid, peak behind India**

The decline in numbers looks terminal, but the end may be still some distance away, and it is not yet clear how long immunity will last. Tracking India's journey to the peaks in case counts and deaths, followed by the decline.

**AMARTISHA SINHA**

ONE YEAR AGO, the first case of coronavirus infection was detected in the country. India entered lockdown one on March 25, 2020, when the government imposed a nationwide lockdown to contain the spread of the virus.

Despite the lockdown, India experienced a second wave, leading to a sharp spike in cases in August and September. The country has since recorded a decline in cases, but the number of active cases is still high.

**J&J single-shot vaccine found 66% effective in phase 3 clinical trials**

**Rahul Deshpande**

J&J’s single-shot vaccine proved 66% effective in phase 3 clinical trials, raising hopes that it could help speed up the pace of the vaccination drive in the country. The vaccine, developed at J&J’s Janssen Pharmaceutical Companies, was found to be effective in preventing symptomatic disease associated with Covid-19.

**Covid-19 vaccine tracker**

**Rahul Deshpande**

The UK recorded more than 60,000 cases in a day, while the India’s curve of daily cases, ironically, is flattening. The epidemic followed very different trajectories. Maharastra is the only state with a peak on July 22, while the rest of the country has not yet reached its peak. As of January 23, more than 1.5 lakh deaths have been reported in India, which is close to the number of deaths recorded in the country in the last five months, despite the lockdown.

**WHAT ELSE HAPPENED IN SIKH HISTORY?**

**Swapna Liddle**

The image shows the Battle of Delhi in 1857, when the British army occupied and destroyed the Red Fort, a significant historical event in the fight for Indian independence. The British colonial government sought to suppress the rebellion by destroying the site of the Red Fort, which was a symbol of Mughal power and authority. This action was seen as a symbolic gesture of the British government's desire to establish its control over India.

**PUNE, JANUARY 29**

Disease that has already claimed more than 1.5 lakh lives. The number is expected to fall to around 100,000 by the end of this month, as India enters a peak phase of the virus.

Serious General Min Aung Hlaing, commander of Myanmar’s military, has submitted a bill to parliament to impeach the country’s president, Nay Pyi Taw, which could come before a vote in the coming days, The Wall Street Journal reported. The move comes amid escalating human rights concerns in Myanmar, where the military coup has sparked deadly unrest. The commission’s president, U Hlaing Thein, has been removed from his post and is facing an impeachment process. The commission has refused to deliver the vote, which is expected to take place this week. The commission’s chaplain, Colonel Kyaw Zwar Minn Tun, has been arrested on charges of assisting the military in the coup. The commission has also refused to release its list of candidates for the upcoming elections, which are scheduled for February 2022. The commission’s refusal to release the list of candidates has raised concerns about the fairness of the elections. GENERAL NOTICE

The Constitution of the Country requires that all public works be undertaken in a transparent and equitable manner.

The objective of this notice is to invite bids from eligible bidders in accordance with the guidelines and norms prescribed by the Government to carry out the specified work.

The details of the work and the requirements are as follows:

**Project Details:***

1. **Location:** Various locations in the state.
2. **Description:** Various types of civil works, including road, bridge, and building construction.
3. **Duration:** 2 years.
4. **Qualifications:** Eligible bidders must possess the necessary qualifications and experience as per the tender document.

**Bidding Conditions:**

1. Bidders must pay the tender security as specified in the tender document.
2. The tender document can be obtained from the designated office as mentioned in the notice.
3. Bidders must submit their bids in the format prescribed in the tender document.
4. The last date for submission of tenders is [insert date].

**Contact Information:**

For further details and clarifications, interested parties may contact the designated authority.

**Implementation:**

The successful bidder will be awarded a contract to carry out the specified work after the evaluation of the bids.

**Note:**

The above information is based on the data available and may be subject to change. Interested parties are advised to refer to the official tender document for detailed information.

**Signatory:**

**Economic Survey 2020-21**

**Sovereign ratings: ‘More transparent’ process needed**

India still lagging on some key indicators of dispute resolution

India has lagged behind several peer countries in sectors such as insolvency and bankruptcy, disinvestment and insolvency resolution, Ravi Shankar Prasad, Minister of Finance and Corporate Affairs, said in the Economic Survey for 2020-21 released today. Out of 11 indicators that the government classified as critical, India has performed poorly in five of them.

Among these indicators, the country has slipped nine places in insolvency resolution in the last five years. The country has been ranked 107 in 2022 from 100 in 2021 and 108 in 2020. India has been ranked the lowest among the 190 countries for 2021 in terms of bankruptcy code implementation.

The survey noted that though the Insolvency and Bankruptcy Code (IBC) has been effective since 2016, the number of insolvency cases has not been high because of the issues of time taken and costs involved in bankruptcy processes.

India also has a large number of pending cases in the insolvency and bankruptcy courts and the government has proposed a law to streamline the process. “In India, the time taken for the insolvency and bankruptcy processes is much too long,” the survey said, adding that it has made several recommendations to streamline the processes.

The survey also said that India has led in terms of insolvency and bankruptcy laws, as it has adopted a new law to streamline the processes. However, the country has not been able to implement the law effectively.

India’s performance has been better in terms of disinvestment, where it has ranked 100 in 2022 from 108 in 2021 and 110 in 2020. The country has also been ranked higher in terms of disinvestment in the last five years.

The government has proposed a law to streamline the disinvestment process. The survey noted that the government has made several recommendations to streamline the process. The government has also proposed a law to streamline the process.

India has also slipped in terms of insolvency resolution, where it has ranked 107 in 2022 from 100 in 2021 and 108 in 2020. The country has been ranked the lowest among the 190 countries for 2021 in terms of insolvency resolution.

The survey also said that India has led in terms of insolvency resolution, as it has adopted a new law to streamline the processes. However, the country has not been able to implement the law effectively.

India’s performance has been better in terms of insolvency resolution, where it has ranked 100 in 2022 from 108 in 2021 and 110 in 2020. The country has also been ranked higher in terms of insolvency resolution in the last five years.

The government has proposed a law to streamline the insolvency resolution process. The survey noted that the government has made several recommendations to streamline the process.
**SEARCH FOR MISSING PERSON**

**Nauman, Yasir spin to seven-wicket win over South Africa**

Associated Press

KARACHI, JANUARY 29

ASSOCIATED PRESS

SPINNERS NAUMAN Ali and Yasir Shah rattled South Africa’s middle order on the fourth day as Pakistan scored a seven-wicket win over the tourists. The victory was Pakistan’s fifth in 27 matches against South Africa and the first in the three-match series.

South Africa were dismissed for 245 in their second innings, with Nauman wrapping up the innings by claiming five wickets for 35 runs. The tourists were just 34 runs ahead when de Kock offered a regulation 2007. Nauman and Shah shared 14 wickets in the match as South Africa’s middle order struggled on a turn- sink.

South Africa’s captain Quinton de Kock said the team missed the services of fast bowler Hasan Ali, who was not fit to play due to an injury sustained during the first Test. De Kock acknowledged of the 20-year-old’s contribution as an offspin bowler during the two-month tour of Pakistan.

The second test begins tomorrow.

"Obviously our first innings batting performance was better than the second," de Kock said. "Our bowlers were also better in the second innings." The match ended with the tourists still 19 runs behind after setting a target of 264.

Mind like a ponge

"The main thing was we went to Australia. After making his IPL debut for Mumbai Indians, a 21-year-old Tyagi went to Australia in Test cricket, he said. "I was putting in hard work and I was making waves in the Under-19 World Cup."

Captain Gaganendra Singh, who led the side, said the youngster had bowled with great control.

"Effort in the nets is the key," said Singh. "We have to maintain the same level of performance in the nets."

"It was a good day for us. We were looking to take seven wickets and we did it," Singh said. "Our bowling was very good and we had a great fielding performance as well."

The tourists were bowled out for 245 in their second innings, with Nauman wrapping up the innings by claiming five wickets for 35 runs. The tourists were just 34 runs ahead when de Kock offered a regulation 2007. Nauman and Shah shared 14 wickets in the match as South Africa’s middle order struggled on a turn-sink.
