ALBUM: PONNIYIN SELVAN 1(TAMIL), PS1(HINDI) \*\*\*\*

Music: AR Rahman Lyrics: Siva Ananth, Mehboob

### **SUANSHU KHURANA**

IN THE world of Hindi film music spanning a little over two decades, it isn't often that the balance of a film album and its success tilts in favour of one song by a debut singer. The way the business is, it takes many ordinary songs to get that one stellar piece to rule the airwaves. But when it does happen - like it did when Shreya Ghoshal debuted with Bairi piya in Devdas (2002), or when KK hit it out of the park with his debut, Tadap tadap ke in Hum Dil De Chuke Sanam (1999), or when Arijit Singh found the top of the charts with Tum hi ho in Aashiqui 2 -- it changed the trajectories of their careers, elevating them into crowning playback singers of their time.

Alaikadal (Doobi Doobi) – a soulful composition by AR Rahman after a long time - is that song for singer Antara Nandy. Singing for Mani Ratnam's Ponniyin Selvan 1, a period drama based on Kalki Krishnamurthy's eponymous and emblematic Tamil novel, Nandy, in her debut, does justice to the abundant crests and troughs in this compelling composition. From the prelude which is a metered alaap, the scale temperings, the violin interludes, soaring synths, and edgy percussion, the tender melody - a reminder of Tamil music from the '50s - is sung brilliantly and sticks. It is, by far, the best piece on the album

While Doobi doobi is finding much attention on social media, five other songs, all of which have been created in four languages, yet again prove Rahman's mantle as one of the more significant composers of our time. After a bunch of just-about-alright songs, it's taken Mani Ratnam to return Rahman to his form. A lot of the songs work better in Tamil, as intended.

### **SHUBHRAGUPTA**

FULL MARKS to the originality of the Chup: *Revenge of the Artist* story – there's a serial killer on the loose in Mumbai, whose target is film critics. Oooh, shiver me timbers. It's the kind of thought which I'm sure must have come to so many filmmakers not just in the Bay, but in film-making centres around the world, basically wherever the creators of cinema feel done against by callous critics being stingy with their stars, and generous with their criticism.

One after the other, Mumbai Police led by Inspector Arvind Mathur (Deol) finds brutally murdered bodies, and gets down to looking for the perpetrator who seems to have an insatiable appetite for blood. Meanwhile, a love story is unfolding between scruffily good-looking florist Danny (Salman) and newbie journalist Nila (Dhanwanthary), who is tired of her enter-

tainment beat— yeh stars kya khaate hain, kya pehente hain - and is dying to become a film critic.

Well, not dying exactly, pardon me, because that's what the petrified bunch of Mumbai critics do not want. Of course not. Who wants to risk their lives for a review? As the body count rises, a psychologist (Pooja Bhatt) is summoned. Declaring that most serial killers are male, she promptly discovers a pattern, and the hunt is on.

The trouble with Chup (yikes, am I actually saying this) is that while I smiled at the outlandishness of the plot, it was not as successful in making me suspend my disbelief: the characters seem out of a fantasy, set in the bylanes of Bollywood-drenched Bandra, and if that were the intention, this one needed more heft. The best fantasies have to be grounded, and this conceit never feels weighty enough.

At one point, the back-and-forth-cuts between the murders and the swoony lovers are too staccato. You want the film to breathe, which it does when the twosome is tripping the light fantastic: the thing between Danny and Nila (clever name for a movie-mad girl, meaning moon in Tamil), is winsome. The writing credits are split between R Balki, Rishi Virmani and film critic Raja Sen, and you immediately want to know from the latter: Freudian much?

You wish there were more of these bits, when Chup feels like a love letter to the movies, and to Mumbai: the reverential references to Guru Dutt and his films, especially Kaagaz Ke Phool, which was trashed by the critics, and is now considered a classic, counterpoints the killer's hatred for this bunch. But then it goes right back to the toothless blood and gore, the intrigue dissipates; smart viewers will spot the killer soon enough.

Good to see Sunny Deol back in the movies; Bhatt's cameo is fun. Dulquer Salmaan is nicely loosey-goosey, and Dhanwantry is lovely: she's played a jour-

nalist before, in Scam 92, but here she makes her Nila different, armed with a light-on-herfeet-mum (Ponvannan). But the mix of menace and romance starts and stays uneasy, and ultimately makes the film, about dreammakers and those who destroy those dreams, less satisfactory than it should have been. Am I supposed to take this seriously,

Ultimately, it comes down to this: do you really believe that film critics have the power to kill movies? Especially in this digital day and age, when everyone is a critic, not just professional ones? It's also true that good films always find their audience, but do bad movies deserve to die unsung? Towards the end, a character says: a film works because of word-of-mouth, not critics, and that straightaway undercuts the film's premise. If indeed critics these days have less influence than doltish trolls, why take the trouble to go after them in the first place? There, I've said it: will I still be alive tomorrow?

nal and predictable. A lot of the action unfolds in a Delhi nightclub where the tenth-fail Babli, newly-appointed bouncer, is tasked to keep unruly female guests in line. This could have been something new, but the situations - a loud woman trying to get out of paying the bill, a rude girl shoving the inexperienced Babli aside – are all familiar. Babli's best friend is a plus-sized woman who makes fun of her own weight, also so, so familiar. And the film makes the mistake so many others have, when they have a strong woman in the lead: it turns them into a female version of the old-style hero. The climax has Babli jumping on a motorcycle and chasing a car full of abductors with a lone girl, and beating them to pulp. How many

Kaveri se milne is not impressive lyrically, and probably gets lost in translation, but is quite the earworm. Rahman's treatment of it, which he's sung alongside edgy rhythms and a superb violin hook, matches the complexion of the film quite well. There is an extraordinary delicacy in the way Ghoshal sings the uphill Rakshas mama. But what just doesn't fit is a rap section later. Ghoshal also sings the conversational and charming Bol and excels.

While Rahman has constructed an interesting web of tunes, there are a couple of things that have been completely missed. According to the novel, the Chola kings were devotees of Thevaram – a compendium of hymns in praise of Shiva – and some of them were also influenced massively by Buddhism, I wish Rahman had tapped into the milieu of the time and used music from these traditions. It would have made the current, quite a notable tapestry, more authentic. One understands the limitations of modern film music but if anyone can deliver this balance of the note structures, it's Rahman. For now, it's Alaikadal all the way.

### Going All Wrong DHOKHA: AROUND D CORNER -

Director: Kookie Gulati Cast: R Madhavan Khushali Kumar Aparshakti Khurana, Darshan Kumar

A LASHKAR-trained terrorist hiding out in a Mumbai high-rise finds himself in alarmingly close quarters with a woman who doesn't seem to be all there. Is she really delusional, or is it an act? Is her husband as straight-forward as he appears to be? And what is the policeman on the job trying to hide?

The film wants you to ask these questions, as it goes about cutting back and forth from the flat from where the fugitive is making demands of money and a getaway vehicle, and the posse of cops down below, with a battery of TV reporters noisily standing by. But within minutes of the opening, you are driven towards a completely different set of questions: why would a woman who suddenly sees a stranger with a gun show no signs of being scared? She sashays about, being flirty.

Why is the terrorist so ready to fall for her? He makes puppy eyes back at her. What are those strange white pills hidden behind the toilet cistern she is on? Who is that woman her husband is seen cosying with? And finally: why has this film been

made? Who has it been made for? It's enough to drive anyone around the bend. SG Shukla, Abhishek Bajaj

BABLI, RUSTIC daughter of pehelwans, hearty eater of twelve rotis, champion burper, falls for a shehari babu. The distance from Haryana to Delhi isn't much, but the road to the English-speaking white collar fella's heart is long and hard. Will she succeed? Or will her village beau prevail?

Madhur Bhandarkar's penchant for issue-based cinema has been a mixed bag, with his early films like Page 3 and Fashion leaving an impact. On the face of it, this coming-ofage story about an anpadh village girl finding her feet, should have been just up his alley. But, despite Tamannah going full tilt at her lead role, and Saurabh Shukla, as her supportive father, as solid as ever. the telling remains ba-

#### **BATMAN: THE LONG HALLOWEEN DELUXE EDITION**

BOOKMYSHOW STREAM Based on the Batman comic series of the same name, this actionpacked animated film has Batman join hands with Captain James Gordon and Harvey Dent to find the killers of a mafia boss's kin. The deceased was planning to turn in evidence against the mafia boss to Gotham Police. The Dark Knight swings into action as a mysterious murderer - who kills on holidays and strikes horror among Gotham City's residents – is on the loose.

### **STAR WARS: ANDOR**

DISNEY+HOTSTAR Created by Tony Gilroy, this is a prequel to the Star Wars spin-off film Rogue One (2016). The series follows thief-turned-rebel spy Cassian Andor (Diego Luna) during the five years leading up to the events of the film. Luna reprises his Rogue One role in this 12-episode series, which follows the exploits of a host of characters during the period when the Rebel Alliance is forming in opposition to the Galactic Empire.

Director: Tanuja Chandra, Kopal Naithani and Ashish Pandey Cast: Juhi Chawla, Shahana Goswami, Kritika Kamra, Soha Ali Khan, Karishma Tanna, Vibha Chibber

THE STRONGEST feeling that I came away with after having watched the seven-episode Hush Hush, is one of this-could-have-beenso-much-more. The doings of four well-heeled friends in Gurugram, embroiled in a crime, looking for a way out, may remind you of the foursome in *Big Little Lies*, the HBO smasher which gave us women with real heft, entangled in personal and professional loops, and felt complexities. Hush Hush begins with a bang and stays on course for the first three episodes: from the fourth episode on, it starts to unravel.

As befits a thriller, Hush Hush loses no time in the set-up, which gives us a juicy scandal blowing up on prime time, snappy chatter, and two bodies. After Ishi (Juhi Chawla), a powerful lobbyist is outed on national TV for corruption, her three besties are aghast. Zaira (Shahana Goswami) is a successful fashion designer with a label of her own, Dolly (Kritika Kamra) is a wife-and-daughter-inlaw trying to manage an overbearing ma-inlaw and an insecure husband, and Saiba (Soha Ali Khan) is a former journalist turned homemaker. They all live in one of those ultra-posh conclaves where everything is designer, cars, clothes, and staff, untouched by the world outside. But the two deaths that occur in quick succession threaten to derail everything. Where do they go from here?

Hush Hush is co-directed by Tanuja

Chandra, Kopal Naithani and Ashish Pandey, the writing credits are divvied up between Chandra, Juhi Chaturvedi, Ashish Mehta and Shikhaa Sharma, and the dialogues are by Juhi Chaturvedi. The quick cuts initially paper over the choppiness of the lines, and the situations. The investigation, spurred by feisty female cop Geeta (Karishma Tanna), starts out believable, and then it becomes a stretch: it's one thing to have a 'gut feeling' that the women are hiding something, and being given the go-ahead to keep delving by top cop (Vibha Chibber, making a meal of her tough,

foul-mouthed, heavy-handed policewoman), but it's quite another for it to become a lone wolf operation.

When Geeta uses 'gut feeling' a second time in exactly the same way to exactly the same person, that's the exact moment you can see things heading south. A woman (Ayesha Jhulka) from Ishi's shadowy past shows up. A shelter home for girls, sinful deeds, the involvement of the rich and powerful, and the kingpin that you spot much before the plot gives him up: this tonal switch takes away attention from the women, whose

lives had held out so much promise in the beginning.

be better?

The cast is interesting, and the ladies all game triers, but except for Goswami and Kamra, and Tanna with her sliding Haryanvi accent, no one really stands out. We are left, instead, with questions. Why does a series which takes the trouble to include terrific little details in the scaffolding of its bit parts (a therapist telling someone off camera to lower the noise because her client is getting disturbed; a 'guest artist' singing tonelessly at a police get-together) slide when it comes to the main characters?

How did Ishi get past her humble beginnings to become this powerful? We are given nothing to go on. When and how did these four women become such good friends? Again, no details. The biggest let-down is in the scanty way Ishi is written: she is the pivot, but we never come to know what makes her tick. Even in her slight movies, Juhi Chawla was always watchable, and after the 2003 Teen Deewarein, I kept waiting for her to return with solid roles. Chawla deserves a better comeback, and us, the viewers, a proper payoff. SG
